(Revised 08/23)

Dear Parents,

Welcome to the 2023-2024 school year! We are looking forward to all of the growth that this year will bring!

As the primary educators of your children, the Church relies upon you to raise your children in the faith and to pass on the traditions and values of Catholicism. St. Paul Parochial School is a valuable partner with you in accomplishing this important responsibility. The school also shares your goals for the fullest development of your child's faith, talents, and academic abilities.

Cooperation between the home and the school is necessary for the realization of these goals. Your careful reading and adherence to the policies outlined in this handbook is an essential part of this partnership between the school and home.

It is important for us to communicate effectively with each of you. On a weekly basis, you will receive an email with a newsletter and additional information regarding school events. These newsletters will also be posted on the school website. Each K-8th grade classroom will utilize the Google Classroom learning platform for communication and resources for students and their families. Our preschool classroom newsletter will provide these resources and updates to our preschool families. Please take time to read the weekly newsletters thoroughly and monitor the announcements on the classroom sites.

After reviewing the handbook with your child(ren), please sign the Signature Page and return it to the school office by the first day of school. We look forward to a year filled with faith and academic growth.

Blessings on the upcoming year,

Amanda Davidson
Principal

ADMINISTRATION

Archdiocese of Portland in Oregon/Archbishop

St. Paul Parochial School conducts all of its spiritual, instructional, and administrative functions and duties under the auspices of the Archbishop of Portland. The Archbishop is the enactor of all Archdiocesan policy and the ultimate decision-maker with respect to the Department of Catholic Schools.

Archbishop

The Archbishop, as chief pastor of the Archdiocese, has the responsibility for the spiritual formation of the people as an authentic teacher in the Archdiocese. He articulates the faith for the people of God and calls them to the imitation of Christ. As chief administrator of the Archdiocese, he oversees the good order of the teaching mission. The Archbishop is the enactor of all Archdiocesan policy and the ultimate decision-maker assisted and represented by the Department of Catholic Schools.

Department of Catholic Schools

The Archbishop, in his role as Shepherd and Teacher, delegates the everyday administration of the Catholic Schools in the Archdiocese to the Department of Catholic Schools. The Superintendent of Catholic School heads the department.

The Department of Catholic Schools provides information, guidelines, assistance, and service to the schools that are ordinarily site-based managed and under the leadership of the principal. Although governance of the schools is at the local level, pastors and principals are expected to follow policies and guidelines approved for schools by the Archbishop. Schools are also expected to follow curricula guidelines.

In some special circumstances, decisions may need to be made by the Department of Catholic Schools that would ordinarily be made at the local level.

Pastor

The pastor, by direction of the Archbishop and canon law, is directly responsible for all parish endeavors. One such major endeavor is the parish school. The pastor can render service and leadership to the parish school by acting as religious leader, community builder, and working together with the principal, faculty, parents, and other parishioners in a joint effort to advance the education of the children.

Principal

The position of administrative responsibility carries with it a unique opportunity for shaping a climate of Catholic/Christian values and an atmosphere for learning that will nurture the growth and development of each person. The principal fosters community among faculty and students. She/he understands the Catholic school as part of larger communities, both religious and secular. The principal collaborates with parish, and/or Archdiocesan personnel in planning and implementing policies, programs and /or the use of facilities and grounds.

Faculty

The faculty (and students) of the school form a community whose purpose is to develop an atmosphere in which the religious faith of each student as well as his/her intellectual, moral, and physical capacities may be developed and strengthened.

Administrative Assistant/Secretary

The school secretary is responsible to the principal for the efficient operation of the school office and for the performance of all secretarial, clerical, and other assigned duties to the principal's office.

Parish Finance Council

The Parish Finance Council meets with the Pastor to review the parish and school budget. They are responsible for school subsidy and capital improvements for the school and parish.

School Advisory Council

The School Advisory Council is made up of members of the community selected by the principal and pastor. The principal and pastor are also members of the council. The purpose of the council is to advise the administration in matters of school operation to help provide a strong educational program based on Catholic values and supported by a sound fiscal policy.

Handbook Administration

The school reserves the right to alter, amend or change the handbook policy at any time and for any reason. Notice of amendments will be sent to parents in the weekly Wednesday newsletters or by email. Any issue not covered in this Student/Parent Handbook will be addressed on an individual basis at the discretion of the pastor and principal.

ADMISSION

It is the goal of St. Paul Parochial School to educate children in a faith-filled Catholic environment. Registration means that the family is willing to comply with the programs and policies of the school and actively participate in activities which support the school in its programs and philosophy. Catholic schools are a primary means of Catholic education. The Catholic school is to assist families in the formation and education of their children in the Catholic faith, Gospel values, and traditions.

St. Paul Parochial School does not discriminate on the basis of race, color, racial or ethnic origin, administration of its education policies, admission policies, scholarship or loan programs, and athletic or other school administered programs.

Preliminary registration takes place in the Spring.

- ◆ A non-refundable registration fee is to be paid at this time.
- ◆ Unless medical conditions are present, preschool students must be potty-trained prior to entering preschool.
- ◆ A child entering kindergarten must be five years of age by September 1.
- ◆ A child entering first grade must be six years of age by September 1.
- ◆ A physical examination is required for those who have not already had one in kindergarten.
- ◆ Verification of all immunizations required by Oregon Law must be presented before entrance in school.
- ◆ All registration forms are due in the school office no later than the first day of school.
- ◆ A birth certificate and baptismal certificate (if Catholic) for all new students is required.

ORDER OF ACCEPTANCE FOR ADMISSIONS

Admissions priorities are as follows:

1. Returning students who have maintained academic and behavioral standards at a satisfactory level and their siblings
2. Parishioners of St. Paul Parish, who are registered, attend Sunday liturgies and provide financial and/or other support to the parish
3. Parishioners of other Catholic parishes
4. Students who are not affiliated with a Catholic parish

5. Latecomers in all categories may be placed on a waitlist depending on class enrollment

A committee of school personnel must evaluate applications of students in grades five through eight before being approved. Placement testing to assure proper level assignment may be required. All first year and new students are accepted on a probationary basis for a ten-week period in order to ascertain a student's ability to adjust to the school philosophy and program.

Divorced or separated parents must file a court-certified copy of the custody section of the divorce or separation decree with the principal's office. The school will not be held responsible for failing to honor arrangements that have not been made known.

CURRICULUM

According to Archdiocesan guidelines, it is the responsibility of the principal of each school to see that the goals and objectives of the school are effectively developed and implemented by the staff through the organization of the curriculum, the learning climate, and the learning experiences that provide for the development of each student.

The educational mission of the Church requires that the Catholic school be distinguished by an atmosphere and a formal program, which relate religious belief and practice, constructively and integrally, with the normal development of children. The religious character and goals of the school are clearly reflected in the statement of the school philosophy.

Parents are made aware of the philosophy and program of the school when they apply for the admission of their child. They understand enrollment constitutes agreement that the child be taught according to these goals.

Role of Parents

Parents have the primary responsibility for education of their children; the school supports and assists in the fulfillment of the responsibility. This point is clearly spelled out in the "Declaration on Christian Education", *Documents of Vatican II*, Part Three:

"Since parents conferred life on their children, they have a most solemn obligation to educate their offspring. Hence, parents must be acknowledged as the first and foremost educators of their children. Their role as educators is so decisive that scarcely anything can compensate for their failure in it. For it devolves on parents to create a family atmosphere so animated with love and reverence for God and men that a well-rounded personal and social development will be fostered among the children. Hence, the family is the first school of these social virtues which every society needs."

RELIGION

Religious education is an integral element of St. Paul Parochial School and includes these objectives:

- ♦ To facilitate the spiritual development of the student and nurture the student's personal relationship with Christ
- ♦ To build community and Christian service awareness
- ♦ To develop enlightened Catholics through academic knowledge of the faith

The religion coursework includes teaching of the Catholic faith, service, and scripture. Sacramental preparation also is integrated as students prepare for reconciliation and their First Communion. Parents

will be involved and must attend appropriate meetings held prior to the reception of the sacraments. All students have the opportunity and are expected to participate in weekly Mass.

ART

Art activities give the student opportunity for self-expression, and help him/her communicate ideas and work well with others, thereby building habits of Christian social living. A variety of media and projects are introduced according to grade level and ability.

HEALTH AND PHYSICAL EDUCATION

During the school day the student must learn to play and cooperate with others. In PE class emphasis is placed on gross motor coordination skills and team cooperative play. Students receive health instruction integrated with religion curriculum.

LANGUAGE ARTS

Christian social living in every sphere demands a variety of language activities. Listening is a primary function in the hierarchy of communication skills. Oral and written expression is mastered through grammar, handwriting, and spelling, while reading is essential in every phase of the student's academic experience.

MATHEMATICS

In the Mathematics program, numerous concrete and meaningful experiences give the student an understanding of number relations. Number concepts are broadened, automatic responses to number processes are improved, as students apply these skills to find solutions to "real life" problems.

MUSIC

Students are taught music theory and introduced to music appreciation at all levels. Students take part in singing and use of instruments during class times. Performance opportunities are generally presented in December and in the Spring.

SCIENCE

To emphasize essential understanding, the Science program is organized in terms of concepts to be developed including life and physical science. Students utilize the scientific procedure of questioning, observing, experimentation, and discussion.

SOCIAL STUDIES

Social Studies helps the student realize the interdependence of people throughout the world, and their common dependence upon God. The student realizes that home, Church, school, and the community work together for the common good. Mapping skills, current events, as well as Oregon history are a part of this program.

TECHNOLOGY

Each student has access to a Chromebook for use in each classroom and at home as necessary. All students practice keyboarding (typing) skills. Students in grades 5-8 are taught to implement technology skills to complete research and writing assignments. Communication skills are reinforced through the opportunity to use technology to communicate with those both locally and globally. Google Classroom is utilized by all kindergarten - 8th grade students to access and submit classroom assignments and resources.

Program of Studies

Good study habits and the use of student planners are encouraged. Students are expected to keep track of daily and long-term assignments. Many parents find it helpful to check the online grade book and Google

Classroom sites frequently. These are communication tools for parents and teachers. Please assist your child by providing them a quiet place and ample time to complete schoolwork.

SCHOOL POLICIES AND PROCEDURES

ACADEMIC HONESTY

Honesty is expected of students in the performance of all academic work. Cheating, plagiarism (such as, but not limited to, copying or sharing the work of another and submitting it as one's own), or doing another person's homework assignments are all forms of academic dishonesty. Anyone who violates the policy of academic honesty may immediately receive a failing grade on that exam or assignment. Academic dishonesty may lead to other disciplinary procedures including suspension or possible expulsion.

ATTENDANCE

Regular attendance is required of all students in order to support the academic climate of the school. Punctuality and regular attendance are absolute necessities for academic growth. Excessive absenteeism is a contributing factor to academic difficulties. Although the school strongly recommends that families schedule trips around the school calendar, decisions made about student absence for reasons other than illness are the responsibility of the parent. The completion of missed work/homework during family vacations is the responsibility of the student. Families wishing to obtain homework prior to the absence, must contact the teacher a full week in advance to make arrangements, and assignments will be given at the discretion of the teacher. Homework policies regarding late or missing work will be established for each class by the classroom teacher at the discretion of each teacher as appropriate for each grade level.

Please observe these attendance regulations:

- ♦ If a student is to be absent or tardy, please call the school before 8:15 AM. If a call is not received, the school office will call to confirm the absence.
- ♦ Students leaving school early for reasons other than illness must have a **written statement** from the parent and be given to the office. The office will then notify the teacher. **STUDENTS MUST BE SIGNED OUT FROM THE SCHOOL OFFICE.**
- ♦ An ill student will be released only to a parent or authorized person as listed on the Emergency Information form. **STUDENTS MUST BE SIGNED OUT FROM THE SCHOOL OFFICE.**
- ♦ *Students who are present less than an hour of either the morning or the afternoon session shall be counted absent for that session.*
- ♦ Please notify the office (633-4622) before **10:00 AM** if you are stopping for homework for your absent child. Homework may be sent home with siblings upon parent request.

Students may arrive at school between 7:45 and 8:00 am to prepare for the day. **Students not at the beginning of morning assembly at 8:00 AM are considered tardy and must stop at the office to be checked in.** Please keep in mind, tardiness has an adverse effect on the progress of the student who is late and disrupts the learning environment in the classroom.

Truancy/Meeting with Principal and Pastor

A student that is absent for more than ten consecutive school days without prior parent notification given will need to meet with the Principal and Pastor prior to returning to school.

BIRTHDAYS/CLASSROOM CELEBRATIONS

Whenever possible, classroom birthday celebrations will be observed in the last 15 minutes of the school day. Celebrations are to be arranged with the teacher ahead of time. Only store-bought foods may be served.

Students may bring party invitations to school to give out, only if they include every student in the class. If

invitations are only for a few individuals or a select group, they should be sent through the mail.

CELL PHONES

Students may not use or carry cell phones or any other electronic device (i.e.: iPod, Nintendo, watches with call/text/game or photo capabilities, etc.) at school. If they bring them on the school grounds, they must check them in at the school office, and leave them in the office for the entire school day. The phones, watches, and electronic devices will be returned to the student at the end of the day.

CHANGE OF ADDRESS

Parents are responsible to keep the school informed of changes in address or telephone numbers. It is vital to notify the school of changes in work/daytime phone numbers.

CLASSROOM INTERRUPTIONS

All visitors including parents must report to the office, sign in, and wear a visitor badge while on school grounds. Classroom disruptions are kept to a minimum to maintain maximum learning time.

COMMUNICATIONS

Every Wednesday, each family will receive an E-mail containing the weekly newsletter and other important information. The primary purpose of the Wednesday newsletter is to keep parents current regarding events, schedules, and information concerning the school. Parents should read carefully the entire contents of the newsletter each week.

To communicate a problem or suggestion concerning:	Talk with:

COMPLAINT/ISSUE RESOLUTION

Concerns regarding individual school staff members should first be directed to that staff member. If the issue is not resolved, the parent should then address it with the principal. Finally, if the concern is still unresolved, the pastor should be contacted.

CONFERENCES

Frequent and open communication with the classroom teacher is strongly encouraged whenever you have

any questions or concerns. At no time should a parent be in doubt about his/her child's progress. Parents are notified of the child's progress every six weeks with Progress Reports and Report Cards. Conferences are scheduled twice throughout the year with the parents of each child; however, conferences are encouraged at any time. Parents wanting an appointment with a teacher at any time during the school year should call the school and one will be arranged. Students who wish to do so may request a conference with a teacher at a time convenient to both.

CONFERENCE GUIDELINES

- ❖ Please be as courteous to the teacher as you would expect him/her to be to you.
- ❖ Please try to be open to both sides of the story if a problem arises. Perception differences and information reported incorrectly can lead to unnecessary misunderstandings and conflict.
- ❖ Discuss difficulties in the classroom with the teacher first before bringing them to the principal, but feel free to invite the principal to join you in any conference scheduled.

CRISIS MANAGEMENT PLAN

The Building/Safety Committee updates their plan annually within the realm of the 5-year strategic plan. A school safety meeting with parents is offered annually to review the management plans.

DAILY SCHEDULE

The school day begins at **8:00 AM. Students may arrive no earlier than 7:45 AM.** Students gather with their class in the hallway for morning assembly. Lunch begins at 10:40 AM. and is finished at 11:30 AM. Dismissal takes place at 2:55 PM.

St. Paul Parochial School has designated the following as directory information which the school may disclose without specific consent: the student's name, address, telephone listing, photograph, date of birth, participation in officially recognized activities and sports, dates of attendance, awards received, and the most recent previous educational agency or institution attended.

A parent may elect not to have any or all of these items included in a school-related directory. Notice from a parent that he or she does not want any or all of these types of information included must be made in writing to the principal of St. Paul Parochial School by September 16th.

DISCIPLINE

The purpose of discipline is to provide an atmosphere conducive to learning. Discipline is an aspect of moral guidance. Families are expected to honor and support the privacy and confidentiality of all individuals in regard to matters relating to student disciplinary issues and actions. St. Paul Parochial School is committed to creating a safe, caring, and respectful learning environment for all students. Bullying of students occurring in this school is strictly prohibited. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive behaviors, is conduct that disrupts both student's ability to learn and a school's ability to educate its students in a safe environment. Reported incidents of bullying will be investigated promptly and thoroughly by the school administration.

Definition of Bullying: Bullying is a pattern of aggressive, intentional or deliberately hostile behavior that occurs repeatedly and over time. Bullying behaviors normally fall into three categories: physical, emotional, and verbal and may include, but are not limited to: intimidation, assault, oral or written threats, teasing, putdowns, name-calling, and cyber-bullying.

Consequences and Appropriate Remedial Actions

The following factors will be considered in determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying: The development and maturity levels of the parties involved, the levels of harm, the surrounding circumstances, the nature of the behavior(s), past incidences or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. An appropriate consequence will be determined after meaningful consideration of these factors. Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from counseling interventions up to and including suspension or expulsion.

The principal and the pastor are the final recourse in all disciplinary situations and may waive any disciplinary rule or procedure for just cause at his or her discretion.

Expulsion

In most cases of discipline, the teacher, principal, and the parent(s) will work together with the student to address and appropriately correct the unacceptable behavior. School authorities will make the decisions they feel appropriate for the conduct of education at St. Paul Parochial School. If a student displays chronic, serious behaviors which endanger him/her, other students, or staff, and/or limits others' opportunities to learn, or teacher's ability to perform contracted duties, then expulsion may be necessary. Expulsion is at the discretion of the principal and/or pastor.

Physical Restraint:

Although physical restraint is to be avoided, there are circumstances when physical restraint may be necessary. Oregon law and the policy of the Archdiocese do permit a teacher, administrator, school employee or school volunteer to use reasonable physical force upon a student when and to the extent the individual reasonably believes it necessary to maintain order and safety in the school or classroom or at a school activity or event, whether or not it is held on school property.

DRESS CODE

St. Paul Parochial School believes that a student's personal appearance has an impact on her/his attitude as well as behavior, and therefore, the learning process. Students must be well groomed and neatly dressed according to dress code requirements. SPPS maintains a clothing closet with uniform clothing available at no cost for any student.

The Dress Code is designed to assist students in making decisions about appropriate dress, personal responsibility and self-discipline. **Parents are expected to assume the responsibility of implementing the dress code.** Students are to appear neat, clean, and well groomed at all times. Clothing should be in good repair. St Paul Parochial School's Dress Code is based on modesty, neatness, cleanliness, and safety.

ELECTRONIC INFORMATION/COMMUNICATIONS

The mission of St. Paul Parochial School is to educate students to become self-directed, continuous learners and ethical, responsible citizens prepared to meet the increasing challenges of a global, technological society. In addition, the school believes that technology should be used as a vehicle of communication, analysis, and research in light of Catholic values and moral decision-making.

Therefore, the school is committed to the integration and effective use of current and future technology to further the educational mission of the school and the Church's mission of spreading the Gospel to all people. The Bishops of the United States have supported the use of technology as a means of evangelization.

Telecommunications, electronic information sources and networked services significantly alter the information landscape for schools opening classrooms to a broader array of resources. Electronic information research skills are now fundamental to preparation of citizens and future employees.

ELECTRONIC INFORMATION/COMMUNICATIONS POLICY/AGREEMENT

1. Appropriate Use Policy and Guidelines

St. Paul Parochial School offers on-line electronic information service including but not limited to the Internet for students who participate in an orientation or training course. St. Paul Parochial School strongly believes in the educational value of such information services and recognizes the potential of such to support the curriculum and student learning in our school. The school's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. St. Paul Parochial School will make reasonable effort to prevent students from misusing the information services. However, a student is also responsible and must be continuously on guard to avoid inappropriate and/or illegal interaction while connected to the information services.

Listed below are the provisions of this agreement. If a student violates these provisions, access to information service may be denied and the student may be subject to disciplinary action.

A. Privileges

The use of the information system is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Before using the electronic services each student will participate in an orientation or training course with a staff member as to proper behavior and use of the network. The principal may remove a user at any time deemed necessary or appropriate. The staff may request that the principal deny, revoke, or suspend specific users.

B. Personal Responsibility

The student will accept responsibility for reporting any misuse of the network to the appropriate authority (teacher, principal, volunteer). Misuse may occur in many forms, but it includes using a program(s) or game(s), visiting web site(s), or sending or receiving messages that indicate or suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, as well as violating provision of Sections C, D, or E listed below. SPPS is not responsible for any lost or stolen personal electronics that the students bring onto school grounds. All technology safety and network etiquette policies must be followed or the privilege of using the device will be revoked and disciplinary action may be taken.

C. Acceptable Use

The use of any information services must, in the judgment of St. Paul Parochial School, be related to student education and research in accordance with the educational goals and objectives of St. Paul Parochial School. The student is personally responsible for compliance with this provision at all times when using information services.

The student may not:

- ❖ Use, reproduce or transmit any material in violation of any federal, state or local laws. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by trademark;
- ❖ Use the information services for any commercial for profit-making activity;
- ❖ Use the information services to advertise a product or for lobbying or other political purposes.

Inappropriate use of electronic information resources may be a violation of local, state and federal laws.

D. Network Etiquette and Privacy

The student is expected to abide by the generally accepted rules of network etiquette. These rules include (but are not limited to) the following:

- ❖ Be Polite- Never send, or encourage others to send unkind messages;
- ❖ Use Appropriate Language- The student is a representative of the school on a non-private system which may be viewed globally. Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden.
- ❖ Privacy- The student should not reveal his/her home address or personal phone number or the addresses and phone numbers of other students.
- ❖ Disruptions- Do not use the network in any way that would disrupt use of the network by others.

E. Security

Security on any computer system is a high priority because there are so many users. If the student identifies a security problem, notify the staff person in charge at once. Never demonstrate the problem to other users. Never use another individual's account or password. Any user identified as a security risk will be denied access to the information services.

F. Vandalism

Computer vandalism is the intentional harming or destroying of the school's computer hardware and/or the school's software and/or data of other user(s) or any other agencies or networks that are connected to the system. This includes, but is not limited to, the uploading or creating of computer viruses. Vandalism may result in the loss of computer privileges, disciplinary action, and/or referral to law enforcement officials.

2. Services

St. Paul Parochial School makes no warranties of any kind, whether expressed or implied, for the service it is providing. St. Paul Parochial School will not be responsible for any damages suffered while on this system. These damages may include but are not limited to loss of data as a result of delays, non-deliveries, miss-deliveries, or service interruptions caused by the system or student errors or omissions. Use of any information obtained via the information system is at the user's own risk. St. Paul Parochial School specifically disclaims any responsibility for the accuracy of information obtained through its information services.

EMERGENCIES

Emergency Closures

St. Paul Parochial School follows the policies adopted by the public authorities regarding emergency school closures. Local news stations will be alerted of school closures, and the information regarding weather-related closures will be listed on the websites of these news organizations. SPPS follows weather related closures and late opening decisions determined by the St. Paul School District. In the event that there is additional information for the SPPS families, you will be contacted by E-mail or phone.

Emergency School Lockdown

In some situations it may be necessary to have a school lockdown. Staff and students will follow all guidelines of the school emergency plan. Information regarding emergency plans and procedures will be provided to each family in the Fall and will be available in written form at the school office.

EMERGENCY DISCLOSURE OF INFORMATION

St. Paul Parochial School is required by law to disclose personally identifiable information from a student's education record to law enforcement, child protective services, health care professionals and other appropriate parties in connection with a health and safety emergency if knowledge of the information is necessary to protect the health and safety of the student or other individuals.

FAMILY COOPERATION/REMOVAL OF STUDENTS RESULTING FROM PARENTAL ATTITUDE

According to Archdiocesan policy, under normal circumstances a student is not to be deprived of a Catholic education on grounds relating to the attitude or behavior of parents. Nevertheless, a situation may arise in which the uncooperative or destructive attitude or behavior of parents (either in-person or on online platforms) so diminishes the effectiveness of the school that a family is asked to withdraw from the school.

RECORDING OF OTHERS

Students, parents, and guardians may not record another student, parent, or teacher without the express written permission of the individual being recorded. Failure to comply with this policy may result in the student/family being involuntarily separated from the school.

FIELD TRIPS

Field trips are for the purpose of introducing and supplementing classroom learning experiences. Field trips are privileges offered to students maintaining satisfactory academic effort and acceptable conduct. When a field trip is planned a description of the trip will be sent home on the permission slip. In order for a student to attend a field trip, the permission slip must be completed and returned to school. According to Archdiocesan policy, a permission slip must be completed for each field trip. Telephone calls cannot be accepted in place of permission slips. No form other than the school approved form will be accepted.

Since field trips are part of the learning process, parents are asked not to pick up their child during the field trip without prior arrangements being made with the teacher. Younger siblings may not attend school sponsored field trips.

FINANCIAL POLICY

K-8 Tuition rates will remain consistent regardless of the educational learning model SPPS utilizes (Comprehensive Distance Learning, Hybrid Education, or Full In-Person Learning) due to unforeseen circumstances resulting in closure of the school building. Fundraising

St. Paul Parochial School holds school fund-raisers each year. The Dinner/Dance Auction and Rodeo Parking are important components of our fund-raising program. Since these fund-raisers provide much financial assistance to the school budget, every family is expected to donate their time, energy, and talents. Parents are expected to attend the Dinner/Dance Auction preliminary meeting held at the beginning of January. It is at that time the committee sign up will take place. Parents will not be able to sign up for committees prior to this meeting. Participation in additional fundraisers, such as the School Raffle are also expected, as these fundraisers help lower tuition costs for every student.

Tuition Assistance

The Archdiocese of Portland offers FACTS grants to families meeting the requirements. Parents are notified of application dates through the Wednesday Newsletter. If a family does not receive grant money from the Archdiocese, they may be considered for the Weston and St. Paul Parochial Tuition Assistance Grant. Please contact the principal for more information.

FIRE AND EMERGENCY DRILLS

Fire/emergency drills are held at regular intervals (monthly) as required by law. Each student should know the specific directions for leaving each of the rooms. These directions are posted in each room. Evacuation of the building must be orderly and efficient.

GRADUATION

Health Records

Any illnesses, allergies, or medical needs are to be specifically noted on the student health record and the principal should be notified of any physical or emotional condition or disability that might impact your child's performance in school. Staff who work with that child will be informed in a confidential manner so student needs can be met.

Communicable Diseases/Conditions

Students and staff must be excluded from the school setting if they are in the communicable stages of a school-restrictable disease.

Symptoms which commonly indicate a communicable disease are (but not limited to):

Fever, cough, difficulty breathing/shortness of breath, new loss of taste or smell, headache with stiff neck and fever, diarrhea, vomiting, skin rash or sores, eye redness and drainage, jaundice.

Parents should notify the school in a timely manner if their child(ren) has any contagious disease or condition.

Illness

Any student who is sick or injured is sent to the office and, if condition warrants, parents or authorized adult(s) are notified to take the child home. This is necessary because facilities are limited. Please sign the student out at the front desk before leaving.

Medication *(Amended September 18, 2012 per the Archdiocese & the State of OR)*

All medications that need to be taken during the school day must be given to the school office or other designated personnel **by the parent/guardian** during regular school hours. VOLUNTEER HANDBOOK

BENEFITS OF VOLUNTEER ACTIVITY TO STUDENTS, FAMILIES, AND STAFF

Volunteers assist the school in providing for the development and education of the students and provide a benefit to the school. All parents are expected to volunteer in some capacity throughout the school year. Volunteers serve in a variety of capacities such as: School Advisory Council and Committee members, Annual Auction Committee members, classroom assistants to teachers, Room Parents, playground monitors, library assistants, field trip chaperones, and they take part in other activities relating to the talents and gifts of the volunteers.

Volunteers are valued members of the St. Paul Parochial School Community. Under the direction and supervision of the principal and our school staff, volunteers assist in the provision of educational and other services to students, faculty, and staff.

VOLUNTEER BACKGROUND CHECKS

All volunteers in any school program or activity must undergo a background check. They must also view the "CASE" Child Protection video and complete all online training requirements. Ordinarily any person

with an adult criminal conviction is not eligible to serve. The school further reserves the right to decline to accept the service of a volunteer, to request a volunteer to withdraw from service in school activities whenever, in the judgment of the school, it is in the best interest of the students to do so.

VOLUNTEER CODE

Volunteers serving in the school will support and model the moral teachings of the Catholic Church and function faithfully within the mission and structure of the school, parish and Archdiocese with proper respect for those serving in ministries. Volunteer dress should be modest and appropriate for the volunteer duties performing.

Volunteers work in a collaborative role with others ministering to the development of the children and the school as an educational institution. Volunteers are asked to recognize confidentiality as a living principle and respect the dignity of those with whom they work and come into contact.

Volunteers accept responsibility to use contacts made through the school in such a way so as not to disrupt the peace, order, and tranquility of the school community.

Should volunteers come into conflict on school related issues, it is the responsibility of both to resolve the dispute through personal diplomacy and/or an executive decision by the school principal and/or pastor of the parish.

Any person who has a conflict with a school volunteer outside of the boundaries of school activities must settle that dispute outside of the school and without involving or using school resources.

APPROPRIATE SELECTIONS OF PROGRAM ACTIVITIES

Volunteers may be involved in a variety of activities that span many programs within the school. The volunteer should carefully consider his/her special skills, interests, and talents when choosing a volunteer position.

It is important that, prior to accepting a volunteer position, the volunteer clearly understands the requirements and responsibilities of his/her assignments. Activities that involve specific physical, mental, or time requirements must be respected. Prior to choosing an activity, the volunteer should be certain that it conforms to his/her preferences and schedule.

CONFIDENTIALITY

In the course of volunteer work, confidential information about students, teachers, or staff members may be learned. This information must remain confidential in any setting inside or outside the school, just as one would wish his/her own privacy rights to be respected. At times, the volunteer may come into possession of information about students that may need to be conveyed to the volunteer's supervisor (teacher or principal). If appropriate in the judgment of the principal, other persons on a "need to know" basis may be advised by the principal to include, but not limited to, parents, teachers, and pastor.

SUPERVISION OF VOLUNTEERS

The principal supervises all who serve in any capacity in the school and in official school-related activities. The principal may delegate the supervisory role to a designated member of the school staff for specific activities. Volunteers will be expected to review and adhere to policies and procedures contained in the PARENT/STUDENT HANDBOOK.

BEHAVIOR MANAGEMENT

It is the goal of Catholic schools to instruct students in formation of a Christian conscience so that they will

choose behaviors which foster responsibility. In order to accomplish this, volunteers should manage students in positive and constructive ways while they uphold the school's code of conduct. This can be accomplished through intervention and encouragement techniques and strategies. In addition to supporting the code of conduct, volunteers are expected to support the decisions of the principal and teachers. A volunteer may not employ corporal punishment as a means of controlling a student who has misbehaved.

HEALTH AND SAFETY PROCEDURES

All situations should be dealt with individually with prudent, adult judgment as the primary response to any illness or injury. Simple scrapes, small cuts, bruises, etc. will be taken care of in the school office. If a child falls or bumps himself/herself, the situation should be taken seriously. Do not send a child with another student. If there is only one adult present at the site of the injury, send a student to the office for assistance.

Serious injury such as possible broken bone, severe bleeding or allergic reaction should be dealt with immediately and with caution. **DO NOT MOVE THE CHILD. DO NOT LEAVE THE CHILD.** Send for assistance from the office. Remove other students from the proximity of the situation as soon as possible until help comes.

Dispense **NO MEDICATION** to any child. All volunteers are encouraged to undergo first aid and CPR training.
